

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

lage (Paris, Schleicher Frères).—*The Non-Religion of the Future*, by M. Guyau (Henry Holt & Co., New York).—*The Evolution of the Idea of God*, by Grant Allen (Henry Holt & Co., New York).—*Geschichte der neueren deutschen Psychologie*, by Max Dessoir (Carl Duncker, Berlin).—*Outlines of Sociology*, by Lester F. Ward (Macmillan).—*Manual of Ethics*, by Prof. John S. MacKenzie (London, W. B. Clive), etc.

ERRATUM.

To the Editor of The Monist:

My attention has been called by the author of the monograph on *Living Substance* to an error in my review (*The Monist*, January, 1898). The statement on page 310, line 22, that certain changes in the embryos of echinoderms were "pointed out by Dr. Whitman" should have read were "pointed out to Dr. Whitman."

AMHERST COLLEGE, Jan. 31, 1898.

JOHN M. TYLOR.
